

Hand Hygiene station

CLOVER 
CHEMICALS LTD
'Effective Cleaning Chemicals'
www.cloverchemicals.com

DESCRIPTION

Clover **Hand Hygiene Stations** are robust, lightweight boards that are ready-assembled with appropriate Clover bulk fill dispensers and labelled to your specification.

For use with Clover products to create a tailored skin care system, Clover **Hand Hygiene Stations** are available for use in heavy duty & general industrial areas to provide skin protection and in food & catering areas to provide hand hygiene.

Convenient – everything needed for clean healthy skin in one location

Instructional – encourages compliance with a full skin safety regime.

Easy maintenance – durable, lightweight material; ideal for busy wash area environments.

COMBINATION OPTIONS

The Clover Hand Hygiene Station will come ready built to your specification.

Use the Hand Hygiene order form (available to download from our website) and following these two simple steps:

1 Select number of dispensers

Available as a 2 bulk fill dispenser system or a 3 bulk fill dispenser system.

2. Select your skincare products

The Clover Skincare products are separated into 4 categories;

cleanse - Skin Cleansers

sanitise - Skin Sanitisers

restore - Skin Replenishing Creams

protect - Barrier Creams

Depending on which products you select, the dispensers will be labelled to identify both the product and the category.

The Clover **Hand Hygiene Station** is suitable for Clover Chemicals liquid hand soaps but **cannot** be used with beaded hand cleaners **Buster** and **Buster Extra**.
