

ENVIRONMENTAL POLICY

At Christeyns Professional Hygiene UK Ltd, we are committed to environmental sustainability and recognize our responsibility to protect and preserve the environment for current and future generations. We are dedicated to integrating environmental considerations into our daily operations, products, and services. We are committed to complying with all applicable environmental laws, regulations, and other requirements related to our operations.

Environmental Objectives

We will establish measurable environmental objectives and targets that are relevant to our significant environmental aspects. We will regularly review and update these objectives to ensure continuous improvement in our environmental performance.

Prevention of Pollution

We will strive to prevent pollution and minimize environmental impacts by adopting sustainable practices and technologies. We will reduce waste generation and promote recycling and resource efficiency throughout our organization.

Communication and Engagement

We will engage with our employees, customers, suppliers, and the community to raise awareness and promote environmental responsibility. We will communicate our environmental policy to all interested parties and encourage them to support our environmental goals.

Training and Competence

We will provide our employees with the necessary training and resources to ensure they understand and fulfil their environmental responsibilities. We will encourage employees to contribute to our environmental management system through innovative ideas and best practices.

Continual Improvement

We will regularly evaluate our environmental management system to identify areas for improvement. We are committed to continually improving our environmental performance and preventing pollution.

Reporting and Documentation

We will maintain accurate records and documentation to demonstrate our commitment to environmental sustainability. We will communicate our environmental performance, objectives, and targets to all interested parties, as appropriate.

Leadership and Accountability

Our leadership team is responsible for the successful implementation and continual improvement of our environmental management system. All employees are accountable for following our environmental policies and procedures.

Review and Revision

We will periodically review and update our environmental policy to ensure it remains relevant and effective. This policy is available to the public, and we encourage feedback and suggestions for improvement.

At Christeyns Professional Hygiene UK Ltd, we are dedicated to environmental responsibility and sustainability. We believe that by integrating these principles into our business operations, we can reduce our environmental footprint and contribute to a healthier, more sustainable planet.

Ian Stefanuti
Head of Technical & Environmental Operations
